

COVID-19 Vaccination

Avera Medical Group & Access Health Brookings is now able to provide those 5+ years of age with a Pfizer COVID-19 vaccine. There are three options available for your child to receive their vaccine at our clinic, located at 400 22nd Avenue in Brookings.

OPTION 1 – SCHEDULE SHOT ONLY VISIT

Schedule your child a shot only visit at our clinic. This option allows you to schedule a quick visit with a nurse at our clinic to receive the COVID-19 vaccine.

HOW TO SCHEDULE: Call us at 605-697-9500 or the office of your child's doctor and tell them you'd like to schedule a shot only visit to receive the COVID-19 vaccine.

OPTION 2 – DURING AN ALREADY SCHEDULED VISIT

The COVID-19 vaccine can be completed at your child's next visit with their doctor. This option allows you to save an extra trip coming into the clinic.

HOW TO SCHEDULE: Simply let us know you would like to receive the COVID-19 vaccine at your next appointment.

OPTION 3 – WALK-IN WEDNESDAY, 11/10, 2PM-4:30PM

Simply walk-in to Avera Medical Group Brookings on Wednesday, November 10th, between the hours of 2:00 PM & 4:30 PM. Scheduling a shot only visit ahead of time is encouraged, but not required. A second walk-in clinic will be offered on Wednesday, December 1st in order for your child to receive their second dose.

HOW TO SCHEDULE: Simply show up anytime between 2:00 PM & 4:30 PM on Wednesday, November 10th or call us at 605-697-9500 to let us know to expect your child!

IMPORTANT DETAILS:

- All children must be accompanied by an adult, 18 years of age or older.
- Your child will be asked to wait 15 min in our clinic after receiving the vaccine to monitor for any reactions.
- Pfizer's vaccine is a 2 step series, which means your child will need to return 21 days after their initial dose to receive their second shot.
